Founder's Message

Dr. (Mrs.) S.D. Malik Light a lamp of love, blast away sorrow, launch a rocket of prosperity and ignite a flowerpot of happiness!

On the auspicious occasion of Diwali, I extend my most sincere and heartfelt greetings to each one of you. Diwali is celebrated as the Festival of Light, carrying profound symbolism as it represents the triumph of knowledge over ignorance and good over evil. Our school stands as a bastion of enlightenment, dedicated to the cultivation of intellect, character, and values. It is the collective endeavor of our diligent students, supportive parents, and dedicated staff that has elevated our institution to its current stature.

As we come together to observe Diwali, let us remember that the festival serves as a poignant reminder of the significance of unity, compassion, and the relentless pursuit of knowledge. In the illumination of diyas and candles, we find not only physical light but also the spiritual enlightenment that comes from worshipping Lord Ganesha and Maa Lakshmi on this pious day, stemming from the pursuit of wisdom.

I take great pride in the strides we have made as a family, and I am profoundly thankful for your unwavering support. Together, we have fostered an educational community that treasures learning, excellence, and personal development.

May this Diwali serve as a moment for introspection, renewal, and a rededication to our shared mission of nurturing young minds and inspiring them to become torchbearers of knowledge.

Wishing you and your families a Diwali filled with joy, prosperity, and the fulfillment that arises from a commitment to lifelong learning. May the light of Diwali not only brighten our surroundings but also lead us on a path towards a brighter future.

Our Founder

DR. R.P. MALIK

WITH BLESSINGS
OF THE FOUNDER, THE MANAGEMENT, STAFF &
STUDENTS OF THIS INSTITUTE WISH YOU

A VERY
HAPPY *Diwali*

Like the diyas that brighten the darkest night, may knowledge and kindness illuminate your path. This Diwali, let's celebrate the light of learning and love together. Happy Diwali to our brilliant students and their supportive parents.

PRINCIPAL

DIRECTOR, Legal

Healthy Practices put to use, Let's together stop cracker abuse.

HEALTHIER DIWALI CELEBRATION

Diwali also referred as Dipawali is a festival of great significance in Indian culture. It's a unifying festival celebrated by people of various Indian religions, including Hindus, Jains, Sikhs, and Buddhists. It promotes unity and harmony among different communities. Diwali is a time for families to come together, exchange gifts, and enjoy festive meals. It reinforces bonds among family members and strengthens community ties. People seek blessings from deities like Goddess Laxmi and Ganesha. It is a festival that welcomes prosperity. "Festivals seems enjoyable only when you are capable enough to enjoy it."

Firecrackers and fireworks used during Diwali contribute to air and noise pollution. The smoke and toxins released can worsen air quality and have adverse effects on the environment. The smoke and pollution from fireworks can lead to respiratory problems. Additionally, The loud and continuous fireworks can cause stress, anxiety, and disturb individuals and animals. Overall, Diwali is a multifaceted festival that encompasses spiritual, cultural, and social significance, if celebrated in a healthy and safe manner

Dilisha Arora(IX-D)

Lighting the Way to a Sustainable Future

In the season of Diwali, let's unite,
To celebrate a Green Diwali, shining bright.
With eco-friendly ways and a conscious heart,
We'll play our part, right from the start.
No more bursting crackers that pollute the air,
Let's show that we truly care.
For a world with clean and beautiful skies,
A Green Diwali, a noble prize.
Families gather, hearts full of cheer,
In the surroundings, a beautiful radiance appear.
Sweets and treats, laughter and delight,
Diwali's magic, a beautiful sight.

Geetakshi Bisht(X-A)

Crackers of Health: A mindful approach to Diwali

As Diwali approaches give your loved ones healthier gifts such as fruit basket instead of sweet. During festivals we neglect our diet, so it is important to control portion size, choosing wisely foods to intake. Going eco-friendly, green crackers can be used instead of firecrackers, donating old things, switching to earthen diyas or fruit shell candles. Keep first aid handy in case of emergency. Let this Diwali be a beacon for well-being, focusing on mindful choices that benefit both personal health and world.

Sarah Mehdi(X - F)

A Poem for the Planet

Amidst the stars and dazzling skies,
A Green Diwali, our planet's prize.
Less smoke and noise, we choose to share,
With eco-friendly fireworks in the air.
In oil lamps' gentle, flickering grace,
We find the light to fill every space.
A sustainable celebration, hearts aglow,
For a cleaner Earth, it's time to show.
With love and care, we'll pave the way,
To a greener, brighter Diwali day.

Aasees Kaur(IX-A)

सुरक्षित और प्रदूषण मुक्त दिवाली मनाये, प्रकृति की सुन्दरता बचाएं

पटाखे हटाओ, दीपावली मनाओ

दिवाली रोशनी का त्योहार है जो सभी के लिए सौभाग्य, खुशी और समृद्धि लाता है। यह त्योहार लगातार लेकिन निश्चित रूप से लोगों की लापरवाही के कारण पर्यावरण के लिए एक बड़ी समस्या बनता जा रहा है यह न केवल पर्यावरण को नुकसान पहुंचा रहा है बल्कि व्यक्ति के स्वास्थ्य पर भी सवालिया निशान लगा रहा है। हालाँकि हम अपनी दिवाली की खुशी को खराब नहीं करना चाहेंगे, यहाँ हम कुछ बेहतरीन ग्रीन डी के बारे में बता रहे हैं। हमें प्लास्टिक के प्रयोग से बचना चाहिए और अनावश्यक कचरा उत्पन्न करने वाली वस्तुएं नहीं खरीदनी चाहिए। छोटे दिवाली मिलन समारोह की मेजबानी करते समय, हमें बायोडिग्रेडेबल प्लेट, कप और ग्लास का उपयोग करना चाहिए।

Aditi (IX-A)

हरियाली से सजाएं दीपावली, प्रकृति की खुशबू सबको आए,
उजाला बनाएं न केवल घर, बल्कि हर हृदय में हरित दीपावली की आशा जगाएं।

दीपावली: एक प्रण, स्वस्थ पर्यावरण

श्री राम के वनवास का हुआ अंत,
सब ने मनायी खुशियाँ अनंत।
हर बार दीयों संग पटाखे हम जलाते हैं,
इनका असर पर्यावरण पर समझ नहीं पाते हैं।
अस्थमा एवं श्वास रोग से पीड़ित लोग,
मजबूरन सहते हैं अपना बढ़ता रोग।
इस रोशनी के त्योहार में,
आओ निखार लायें व्यवहार में।
पेड़- पौधे, जीव- जंतु, वन हो या शहर,
बंद करो घोलना हवा में पटाखों का जहर।
मत करो पर्यावरण को प्रदूषित,
इस त्योहार की गरिमा को न करो कलूषित।
इस प्रदूषण रूपी वनवास का करें अंत,
आओ सब मिल कर मनायें खुशियाँ अनंत।

Ananya Bansal(X-A)

आओ मिलकर दीप जलाएँ

आओ मिलकर दीप जलाएँ
घर के आंगन को महकाएँ।
अपने देश को उजाले की ओर ले जाएँ।
राम जी की यादों का गुणगान करें।
पटाखों को ना जला कर प्रदूषण का बहिष्कार करें।
घी के दिए जलाकर देश को रोशन करें।
एक दूसरे को मिठाइयाँ देकर
खुशियों का इजहार करें।
राम जी की भक्ति करके।
उनके गुणों को जीवन में लाएँ।
हम सभी देशवासी आदर्शवादी बनें।
मर्यादा में रहकर जीवन को सफल बनाएँ।

हमारी धरती हम ही बचाएँ, बिना पटाखे दिवाली मनाएँ

आओ हम सब बिना पटाखे दिवाली मनाएँ
अपने पर्यावरण को प्रदूषण से बचाएँ
किसी गरीब की मदद करें, उसे खुशियाँ दिलाएँ
आओ हम सब बिना पटाखे दिवाली मनाएँ
कुछ देर की रोशनी और बहुत सारा शोर
जहरीला धुआँ और घुटन चारों ओर
इस बार हवा को जहरीला ना बनाएँ
आओ, हम सब बिना पटाखे दिवाली मनाएँ
दिवाली बुराई पर अच्छाई की जीत का है प्रतीक
सच की सदा जीत होती है, देता है यह सीख
इस बार अपने अंदर का रावण हम जलाएँ
आओ, हम सब बिना पटाखे दिवाली मनाएँ
दिवाली है रोशनी और खुशियों का त्योहार
सच की सदा जीत होती है और झूठ की हार
इस बार मिलकर हम सब प्रदूषण को हराएँ
आओ, हम सब बिना पटाखे दिवाली मनाएँ

Preparation for Celebration

AKASH KANDIL MAKING

DIYA HOLDERS FOR RANGOLI

STEP 1

Take a paper and cut 2 strips of them and bend them to make a circular shape

Now we will paste two A2 size sheet together and paste the circular shape, it will form a cylindrical shape

STEP 2

Now we will make more smaller cylinders of different colour from coloured paper

STEP 3

Make pom-pom from thread and paste circles on it and decorate it with mirror

STEP 4

Then assemble them all forming a beautiful lamp

STEP 5

STEP 1

Cut the cups into flowers shape

Paint it with red and yellow colors

STEP 2

STEP 3

In center do paint with blue color

Decorate it with glitters, stones/mirrors etc

STEP 4

STEP 5

Put diyas / candles on it and keep on Rangolies

Jharokhas for Diya

STEP 1

Mark and cut the boxes from one side as shown in the picture

STEP 2

paste the cut pieces with the help of clay/glue

STEP 3

make the dories (for outlining) using clay

STEP 4

paste the doris on it, as shown in picture

STEP 5

paste the cut pieces with the help of clay/glue

STEP 6

Make design on borders with any sharp tool

STEP 7

Now paint on it

STEP 8

Paste the hooks on backside for hanging

Bandanwal : Toran

STEP 1

Take mango leaf

STEP 2

Take card board 3" Diameter and fix mango leaf or stepped

STEP 3

fix 4 leaves as shown in picture

STEP 4

fix 5th leaf by hanging on Marigold garland

STEP 5

Now repeat the pattern according to the length of your Bandanwar

Empowering Educators for Student Success:

Insights from the National Teachers' Conference in Guwahati, Assam

"Makers as learners to be great creators..."

Our principal, Dr. Bhawana has been a great educator who has always strived to do something new in the field of education. Her effort in learning something new and being amongst the learned in par above imaginations. With the same learning attitude, our principal, Dr. Bhawana attended the **National Teachers' Conference** on the theme **"GUIDANCE & COUNSELLING"** which was held in Guwahati, Assam in the month of October. This conference was organized with the **governor of Assam in the Governors' House**. The gathering was an inclusion of Principals, Heads of schools and institutions, and many esteemed delegates.

It was a great effort laid by CBSE to impart more clarity over the national education policy - 2020 that revolves around and focuses on the holistic development of the students which includes cognitive and socio-emotional development. These strategies would be a successful step in imparting value education that could provide the right kind of support and guidance to our students who are dealing with emotional and psychological changes.

Akhil Bhartiya Shiksha Samagam: Unveiling the Future of Education

Our distinguished Principal ma'am, Dr. Bhawana, had the honour of participating in the prestigious **Akhil Bhartiya Shiksha Samagam**, graced by **Prime Minister Hon'ble Shri Narendra Modi ji**, held at the grandeur of **Bharat Mandapam** in Delhi. This auspicious two-day event coincided with the 3rd anniversary of the landmark National Education Policy 2020.

During the Samagam's sixteen enlightening sessions, critical themes such as Access to Quality Education and Governance, Equitable and Inclusive Education, and addressing socio-economically disadvantaged groups were explored. This exclusive gathering united erudite academics, experts, and educators, fostering an environment for sharing insights, success stories, and best practices, thereby reaffirming our school's resolute commitment to delivering quality education.

The event symbolised a collaborative spirit and a shared vision for the advancement of the transformative National Education Policy 2020, making it an unforgettable and monumental occasion in the educational landscape.

Dr. Ranjit Singh **DDE ZONE - 3**

Witnessing the unwavering human spirit at the Zone 3 Para Sports Meet 2023 was an extraordinary experience. This event serves as a compelling testament to the unifying power of sports. I wholeheartedly congratulate the host school and its Principal, Dr. Bhawana, for her exceptional efforts in making this event a grand success.

Mr. Madan Singh **SPE ZONE - 3**

I am honoured to be a part of the event which displayed an outstanding and unwavering talent in Para sports meet. I am fortunate to see the unbreakable spirit of humanity among the participants of the para sports meet.

Para Sports Meet '23

On **October 19, 2023**, Lovely Public School, Priyadarshini Vihar, hosted a truly exceptional athletic event under the esteemed guidance of our beloved **Principal, Dr. Bhawana**. The event served as an inspiring testament to the unyielding human spirit.

This momentous occasion was graced by a distinguished array of dignitaries, including the notable presence of **Dr. Ranjeet Singh, DDE, Zone III**, and **Mr. Manoj, OSD, Zone III**. Athletes from diverse backgrounds showcased their skills and determination in various sports, such as Badminton, Table Tennis, Carrom, and Chess, embodying remarkable athletic prowess and sportsmanship.

Dr. Bhawna Malik, the Principal of Lovely Public School, offered unwavering support, emphasising the profound importance of inclusivity and the celebration of diversity. **Mr. Madan Singh, S.P.E. Zone III**, commended the outstanding talents displayed during the competition.

The Para Sports Meet 2023 transcended its role as a mere sporting event; it was a unifying force, bringing together individuals from all walks of life, irrespective of their abilities. It fostered a sense of community unity, and recognizing the remarkable potential inherent in each individual. It underscored the idea that sports go beyond physical boundaries and serve as a celebration of the unbreakable spirit of humanity.

Mr. Manoj **OSD ZONE - 3**

The Para Sports Meet 2023 was indeed an exceptional event. It highlighted not only athletic prowess but also the celebration of diversity and the importance of inclusivity. My heartfelt applause to Lovely Public School for providing a well-equipped environment for this remarkable occasion.

Dr. Bhawana **Principal, LPS-PDV**

It was an honoured moment for my school to host this event and provide opportunities to all the students under the same umbrella. We are committed to the inclusion and celebrating the diversity of the society. It was fortunate that we contributed in this inspiring event.

UNLEASH THE POTENTIAL OF FRIENDSHIP

"Friends are the family, we choose for ourselves."

"Attributes to be followed while making right choices by ticking ✓ or X in given boxes."

- * A good friend can understand you better.
- * They spare time when you need them.
- * Good friends prefer same things. Their likes/dislikes are always same.
- * They respect one another whole heartedly.
- * They make us laugh and feel better.
- * When they hurt us, they always apologize for their mistakes.
- * They know our doubts and fear.
- * My friend compliments me.
- * My friends are honest towards me and I am honest to them too.

A BOND-TO BE CHERISHED & TREASURED

*On Bhai Dooj, with hearts so warm,
Siblings' bond in a loving swarm.
Sisters apply the sacred tilak's
grace,
Brothers promise to protect and
embrace.
A celebration of love, so true,
In the golden light of a bond that
grew.
With prayers and sweets, we share
the cheer,
On this day of Bhai Dooj, so dear.
Through thick and thin, together we
stand,
A brother and sister, hand in hand.
For this unique love, we're truly
blessed,
On Bhai Dooj, may our happiness
be expressed*

FESTIVITY: AN OCCASION TO REFINE AND REBUILD

Festivals are an important part of our culture and heritage. They are a time for celebration, joy, and unity. But festivals are more than just fun and games. They also teach us important values that can help us become better people.

One of the most important values that we learn from festivals is Unity and brotherhood. Festivals bring people from all walks of life together, regardless of their religion, caste, or social status. We celebrate together, eat together, and enjoy each other's company. This helps us to break down barriers and build bridges of understanding. Another important value that we learn from festivals is respect for traditions and culture. Festivals are a way to keep our traditions and culture alive. We learn about our ancestors and the values they held dear. We also learn about the different customs and rituals that are associated with each festival. This helps us to connect with our roots and develop a sense of pride in our heritage.

Festivals also teach us the values of generosity and compassion. During festivals, we often donate to charity and volunteer our time to help others. We also share food and gifts with our loved ones and the less fortunate. This helps us to develop a sense of empathy and generosity.

Finally, festivals teach us the value of gratitude. Festivals are a time to reflect on the good things in our lives and to be grateful for all that we have. We spend time with our loved ones, appreciate nature, and reflect on our blessings. This helps us to develop a positive attitude and to live our lives to the fullest.

Festivals are a valuable part of our lives. We should all cherish our festivals and celebrate them with joy and enthusiasm.

Ojas M., V

Disciplined Rituals Chhat Puja

Chhath Puja is one of the biggest Hindu festival celebrated in the states of Bihar, Uttar Pradesh, and some parts of Jharkhand. It is celebrated with great joy and fervour usually for four-days. The significance of this day is to express the gratitude to the Sun god and his wife, for their blessings to have a good and prosperous life on Earth. This

Chhath Puja not only improves the functioning of our blood cells, activates, and balances the secretion of hormones. It also helps in detoxifying the body and in turn keeps it healthy. Even the prasad offered during the four-day puja has some great health benefits.

1. Dabh Lemon or Grapefruit -This lemon is bigger in size than the regular ones, is bright yellow on the outside, while inside it is dark red in colour. It protects from diseases and infections like cold, cough etc, by boosting the immunity power of an individual.

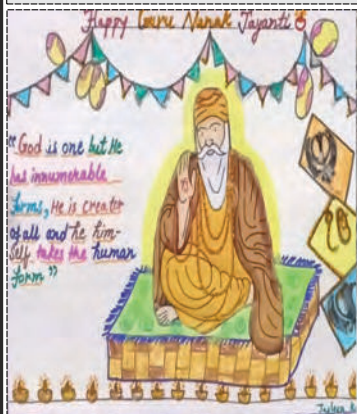

2. Thekua -A sweet dish, which is made with flour and jaggery, and deep-fried, keeps the body warm.

3. Sugarcane -Any Chhath puja celebration is incomplete without sugarcane and is always considered an auspicious offering to the Sun god. Sugarcane is rich in many antioxidants, is good for building strong tooth enamel thus strengthening teeth. Not only this, it is also good for treating urinary tract infections.

4. Bananas-It is very helpful in preventing stomach-related ailments like acidity especially in children and is a good source on essential nutrients like potassium, vitamin C, vitamin B.

5. Coconut -It is used to keep flu and other infections away

एक अटूट रिश्ता

हमारे देश में विभिन्न त्यौहार मनाए जाते हैं। कुछ अपनी रेशनी के लिए प्रसिद्ध हैं, कुछ अपने रंगों के लिए। भाई बहन के प्रेम के लिए भी त्यौहार है। रक्षा बंधन और भाई दूज। भाई दूज हिंदुओं द्वारा मनाया जाने वाला एक प्रसिद्ध त्यौहार है। यह पर्व दीपावली के तीसरे दिन मनाया जाता है। भाई दूज का पर्व भाई और बहन के प्रेम व विश्वास का प्रतीक है। भाई दूज के दिन बहने अपने भाई को माथे पर तिलक लगाती है और उसे नारियल का गोला भी देती है व भगवान से उसकी लंबी उम्र की प्रार्थना करती है। भाई अपनी बहन को उपहार देता है। भाई दूज के त्यौहार को यम द्वितीया भी कहते हैं। कहा जाता है कि यमुना जी ने अपने भाई यमराज को माथे पर तिलक लगाकर सम्मान के साथ अपने घर में भोजन कराया और अपने भाई की लंबी आयु की कामना की। इस दिन यमलोक में खुशियाँ मनाई गईं। तब से इस पर्व को यम द्वितीया पर्व भी कहते हैं। भाई - बहन का प्रेम सबसे अलग होता है। बहन के प्रति बचपन से ही चिंतित रहने वाले भाई के प्रति प्रेम प्रकट करने का इससे अच्छा अवसर दूसरा नहीं है। जितना महत्व रक्षा बंधन का है उतना ही महत्व भाई दूज का भी है। ये त्यौहार भाई - बहन के अटूट प्यार का बंधन है।

FESTIVALS: A CELEBRATION OF VALUES

Celebrating festivals impart valuable life lessons and cultural understanding. These experiences teach us to appreciate diversity, respect traditions, and embrace inclusivity. Festivals often bring people of different backgrounds together, promoting tolerance and fostering a sense of community.

Participating in festival celebrations emphasize gratitude and the importance of giving and sharing. Students learn the value of patience and perseverance as they engage in festival preparations, which can be time-consuming and require effort. Some festivals also raise awareness about the environment, teaching students to respect nature and the need for conservation.

Creativity is encouraged during festival preparations, as students often engage in crafting, decorating, or cooking traditional dishes. Teamwork and cooperation are vital in these endeavors, strengthening their interpersonal skills.

Festivals emphasize family bonds and respect for elders, as many traditions involve spending quality time with relatives and seeking their blessings. Students also learn about civic responsibility through community service and charity work associated with certain festivals.

Moreover, festivals can provide financial lessons, teaching students about budgeting and money management. Learning about the historical and cultural significance of festivals connect students to their country's heritage.

Aarav Ch. III

त्यौहारों का हमारे जीवन में विशेष महत्व है। त्यौहार उत्साह, मनोरंजन तथा समाजीकरण का स्रोत है। यह किसी भी समुदाय की सांस्कृतिक और धार्मिक परंपराओं को जीवित रखते हैं तथा उनमें एकता को सुदृढ़ करते हैं। मुख्यतः त्यौहार किसी ना किसी धार्मिक मान्यताओं से जुड़े होते हैं तथा उनसे प्रेरित होकर ही मनाए जाते हैं। त्यौहार केवल धार्मिक और ऐतिहासिक दृष्टि से ही नहीं बल्कि नैतिक दृष्टि से भी समाज के लिए बहुत आवश्यक है। जैसे, कार्तिक मास के कृष्ण पक्ष की अमावस्या को मनाए जाने वाला त्यौहार दीपावली, पूरे भारत में बड़े हर्षोल्लास के साथ मनाया जाता है। दीपावली के त्यौहार का अपना एक अलग धार्मिक तथा पौराणिक महत्व है। जिसके अनुसार यह माना जाता है कि चौदह वर्षों का वनवास पूर्ण कर प्रभु श्री राम अयोध्या वापस लौटे तो उनके स्वागत में अयोध्यावासियों ने दीप प्रज्ज्वलित किये, जिसे हम आज दीपावली के रूप में मनाते हैं। दीपावली का यह त्यौहार नैतिकता की दृष्टि से बहुत खास है। यह त्यौहार अंधकार पर प्रकाश, बुराई पर अच्छाई और अज्ञान पर ज्ञान की आध्यात्मिक विजय का प्रतीक है। यह हमें अपने भीतर की सभी बुराइयों तथा कुविचारों को नष्ट करने की सीख देती है

Pihu J., V

"GOVARDHAN PUJA-EMBRACING NATURE'S BLESSINGS AND VALUES"

Govardhan Puja, a festival so grand,
Where Lord Krishna's love
does expand.

It signifies the mountain of food,
And the values it teaches, oh so good.
Gratitude and care, we learn to show,
For nature's blessings that freely flow.
Humility and unity we embrace,
As we come together in this sacred space.

Govardhan Puja teaches us to be,
Protectors of nature, so wild and free.
To nurture and cherish, like the
mountain high,
Spreading love and joy, reaching the sky.

So let's celebrate this auspicious day,
With devotion and love, we shall pray.
Govardhan Puja's significance we hold dear,
Bringing blessings and abundance, year after year.

Aashray, III

NEPTUNE - Young Riders

Festivals are an excuse to feast. The numerous festivals of different states of India are enriched with many mouth-watering sweets and lavish meals. Palatable items like laddoo, mithai and pakoras are some preparations that one sees during most festivals. Lovely Public School organized some activities related to different festivals. Students of Nursery to Class 2 relished different feasts of various festivals. Festivals serve as a binding force for various communities to exchange delicacies from one family to another.

"Celebrating the festivals with a plate full of scrumptious pakwaans".

A delectable collage of flavors

Muhammad Ibraheem Khan and Shivansh Shourya, Class 3

Indian festivals are like the biggest food parties ever. It's a time when families come together and cook up a storm of delicious dishes. From sweets like jalebis and gulab jamuns to savory snacks like samosas and pakoras, there's something for everyone to enjoy. The vibrant colors and mouth watering aromas make the whole experience even more exciting. It's a special time to eat, celebrate and have a fun together.

Agrim Jain, Class 3

Recipe of Kada Prasad

- * Take a cup of sugar in a sauce pan and add 3 cups of water in ratio of 1:3
- * Take another pan and add one cup of ghee by adding another healthy cup of wheat flour in it.
- * Stir it well until it gets brown and changes it's colour.
- * Now, mix the sugar syrup in the ghee and flour batter slowly and steadily so that no lumps are made while mixing.
- * As the ghee starts separating serve it by decorating it with almonds, cashewnuts and some raisins.

Anureet Kaur, Class 4

Coconut Burfi

Ingredients :

2 cups grated coconut, 1 cup sugar,
1/2 cup milk, 1/2 tsp cardamom powder,
2 tbsp ghee (clarified butter)

Instructions :

1. Roast grated coconut until slightly golden.
2. Dissolve sugar in milk, then cook until thick.
3. Mix in roasted coconut, cardamom, and ghee.
4. Cook until it thickens, then spread in a tray.
5. Cut into pieces once it cools. Enjoy your coconut burfi !

Dwitika Dua, Class 5

"Fireless Feasts"

Chitrarth Pathak, Class 3

Ayaan Khan, Class 3

The children showcased their culinary skills by creating delectable pakwaans through the art of cooking without fire. It was a delightful and flavorful experience !

Seviyan Recipe

Hritik Tomar, Class 6

- In a pan, fry butter and sewai together. Add cashew nuts, almonds and raisins to it. Fry them together.
- In a different pan, boil milk, sugar and smashed green cardamoms. Mix everything together and serve hot.

Gujiya Recipe

- * In a bowl take one cup of flour and add warm ghee to the flour and knead it.
- * Cover with a moist kitchen napkin and set aside for 30 minutes .
- * Chop some cashews, almonds and pistachios. Add some raisins to it .
- * In a pan take 1/2 tablespoon ghee. Add mixture of nuts and one cup of grated khoya. Add 1/3 cup powdered sugar and mix well till there are no lumps. Make small balls of the dough and roll it out with a rolling pin.
- * Now take a gujiya cutter and place the small roti inside it . Fill it with khoya mixture and press it close.
- * Fry them in a hot oil and serve it to your family.

FUN FACTS GALORE : UNLOCKING THE MAGIC OF NUMBERS

1 is the only number that is spelt with letters arranged in alphabetical order.

The word "hundred" is derived from the Old Norse (Norwegian language) word hundrath, which actually means 120.

The Chinese were the first known culture to use Negative numbers.

The rule of 72 is an approximation to calculate how many years it would take an investment to double.
($T = 72/r$, i.e. T= term, r= rate of return)

1729, the Hardy-Ramanujan Number, is the smallest number which can be expressed as the sum of two different cubes.

40 is the only number that is spelt with letters arranged in reverse alphabetical order.

Bhumika Sharma, VIII B

ESCAPE TO ENDLESS HORIZONS

Pratham Jain, VII C

When I got to know that my school is providing us the platform to improve our mathematical skills I was so eager to be a part of it. I later joined the vedic maths classes which was a unique and practical addition to my education, *improving my mental maths skills, problem-solving abilities, and overall confidence in mathematics*. There I have learned various Vedic maths techniques that are different from traditional maths methods. These techniques provided me the faster ways to perform addition, subtraction, multiplication, and division. Because of these classes it was possible for me to grab **I Position** in the Vedic Maths Exam. I personally thank my respected principal ma'am for providing such platforms to us.

वैदिक गणित - गणना का आधुनिक रूप

भारतीय गणितज्ञ जगतगुरु श्री भारती कृष्ण तीर्थ जी ने सन 1911 और 1918 के आसपास वैदिक गणित की खोज की थी। वैदिक गणित के निरंतर अभ्यास से हमारे दिमाग की क्षमता और गणना करने की क्षमता 5 गुना तक बढ़ जाती है। वैदिक गणित में 13 सूत्र और 16 उप सूत्र शामिल हैं।

वैदिक गणित सूत्रों के कुछ लाभ नीचे सूचीबद्ध हैं:

- गणनाएँ आसान और संक्षिप्त हो जाती हैं।
- कम समय में सरलीकरण किया जा सकता है।
- विद्यार्थियों का मानसिक तनाव कम होता है।
- सूत्र-आधारित विधियों द्वारा प्राप्त परिणामों को सामान्य प्रक्रियाओं से आसानी से सत्यापित किया जा सकता है।
- इन सूत्रों का प्रयोग करने वाले विद्यार्थियों द्वारा त्रुटियाँ करने की संभावना नगण्य है।
- सूत्रों के उपयोग से छात्रों को गणित विषय में अपने ज्ञान और रुचि को बेहतर बनाने में मदद मिलती है।
- वैदिक गणित मानसिक गणनाओं का उपयोग करके कठिन समस्याओं को हल करने में मदद करता है।

Advantages of Vedic Maths

- Q1. 12×23 Q2. 62×68
 Q3. $879 + 357$ Q4. $100 - 37$
 Q5. 65^2 Q6. $4211 \div 50$

ANSWERS

1. 12×23 $\begin{array}{r} 12 \\ \times 23 \\ \hline 36 \\ 240 \\ \hline 276 \end{array}$	2. If one digit same 62×68 $\begin{array}{r} 62 \\ \times 68 \\ \hline 496 \\ 3720 \\ \hline 4216 \end{array}$	3. $879 \div 50$ $\begin{array}{r} 17 \\ 50 \overline{) 879} \\ \underline{50} \\ 379 \\ \underline{250} \\ 1290 \\ \underline{1000} \\ 2900 \\ \underline{2500} \\ 4000 \\ \underline{3500} \\ 5000 \\ \underline{5000} \\ 0 \end{array}$
4. Ones place always 10 Other places 9 So, 65^2 $\begin{array}{r} 65 \\ \times 65 \\ \hline 325 \\ 3900 \\ \hline 4225 \end{array}$	5. Within number ends with 5 65^2 $\begin{array}{r} 65 \\ \times 65 \\ \hline 325 \\ 3900 \\ \hline 4225 \end{array}$	6. Both are multiply by 2 $4211 \times 2 = 8422$ $50 \times 2 = 100$ $\Rightarrow 84.22$

THE GIFT OF EDUCATION IS A GIFT OF EMPOWERMENT, A GIFT THAT KEEPS ON GIVING

Education is the cornerstone of progress and development in any society. It equips individuals with the skills, knowledge, and perspectives needed to thrive in an ever-changing world. Unfortunately, not everyone has equal access to education. Economic, social, and geographical barriers can limit the educational opportunities available to many.

This is where Vidya Daan becomes significant. Vidya Daan, the act of donating education, is a noble endeavor that holds the power to transform lives and communities. We at LPS believes that knowledge is the greatest gift one can bestow upon another. Vidya Daan exemplifies this sentiment, for when we share the gift of education, we open doors to a world of opportunities and empower individuals to shape their destinies this is the reason our school keeps on organising Book donation camp where we as the responsible lovelyites donate our old books and even the unused stationary. As donors, we also gain. When we contribute to the education of others, we cultivate a sense of fulfilment and purpose. We become part of a larger movement aimed at creating a more educated, equitable, and informed world.

"UNLEASH THE POWER OF VEDIC MATHS: ANCIENT WISDOM AND MODERN SPEED"

Vedic Maths is a powerful system of mathematical techniques derived from ancient Indian scriptures that enables arithmetic and algebraic problems through simple and intuitive methods. It was discovered by Shri Bharathi Krishna Tirthaji between AD 1911

and 1918. Regarded as the Father of Vedic Maths, Tirthaji published his findings in a book titled Vedic Mathematics in 1957 wherein he wrote about the 16 Sutras. It encompasses a wide range of techniques that simplify complex calculations and provide alternative approaches to conventional methods.

Vedic Maths is so versatile that even NASA has applied certain concepts from Vedic Mathematics to artificial intelligence. It enhances our ability to perform rapid mental calculations, emphasizes visualization, fosters a deeper understanding of pattern recognition and boosts overall mathematical confidence. It's technique has the cross-disciplinary approach which is not only helpful in mathematics but it's beneficial for other subjects also like physics, chemistry, biology, engineering and computer science. It necessitates both abstract and concrete reasoning, which results in the development of brain muscles. Thus, we can say that Vedic Mathematics offers a new and entirely different approach to the study of mathematics.

"CREATIVITY IS MAKING MARVELOUS OUT OF THE DISCARDED"

"Cap-making Activity"

In today's era education is not just limited to classroom curriculum, it also includes learning programs and instructional approaches. The best way for students to learn about anything is by doing. Such experiences give them a new meaning to their idea of learning and come together in a creative burst of energy. Recycling and utilizing the best from unwanted things has become a generic necessity of every human's life. In order to inculcate the habit of using old things, the school has conducted the most loved activity in which students designed caps by using old newspapers, and simultaneously they also learned different geometrical shapes while making the same. Through this activity values like preservation, recycling, conservation, reduction, reuse etc are imbibed in the young minds thereby demonstrating the noble act of caring for our environment. The motive behind these kind of activities is to make our lovelyites understand the importance of preserving the environment and learning more about sustainability.

Friend-O-Cycle

My Friend, My Pride

We are reading, We are writing
and making our future bright.

We are learning to respect
not to neglect.

We are learning to accept
not to expect.

We are laughing...

We are playing...

We are studying together....

We are the best buddies.....

Respecting our elders,
Obeying our parents.

becoming sincere and punctual,
is the habit we are learning.

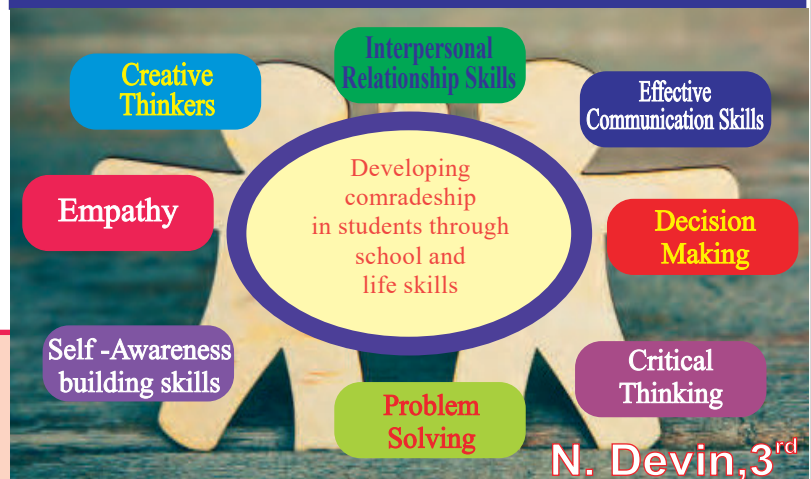

And that is why I call....
"My Friend, My Pride"

Friends Stress Busters

In school and in life, let's unite..
Building Friendships that shine so bright..
With teamwork and skills, we will soar high..
Supporting each other, reaching the sky..
Together we learn, together we grow..
Comradeship in students, let it show..
Through challenges faced, we will stand tall..
Encouraging, inspiring one and all..
So, let's embrace the power of connection
nurturing bonds, fostering affection
In school and in life, let's be a team,
developing comradeship, fulfilling our dream.

IMPERIAL BOND

Comradeship, the deep bond of friendship and solidarity, is essential in student's life. Schools play a pivotal role in cultivating comradeship by integrating life skills into their curriculum. Comradeship is vital for emotional support, social development, academic success and future readiness. Life skills education equip the students with the tools necessary to nurture comradeship, conflict resolution, empathy, team work and self-awareness. Implementing life skill can be achieved through curriculum integration, extra curricular integration, peer support programs, workshops, and parental involvement. Fostering comradeship in students not only enriches their school experience but also equips them with valuable skills for a world that prizes cooperation and empathy.

Yoga : Way to strengthen your core

Dr. Manoj Kumar

It is an art and science of healthy living. Yoga is derived from the Sanskrit root "YUJ," meaning "to unite." It inspires you to live a healthy lifestyle. You gain muscle strength and tone. It can melt any tension. It helps relieve different types of pains. It improves blood circulation. Yoga supports stress management, mental health, mindfulness, healthy eating, weight loss, and quality sleep. You look and feel younger.

- Yoga increases flexibility
- Improves respiration, energy, and vitality.
- Weight reduction
- Maintains a balanced metabolism
- Peace of mind
- Yoga combines breathing exercises, meditation, and poses that are proven to benefit mental and physical health.
- Yoga is a meditative process of self-discovery and liberation. It brings harmony between mind and body.
- Yoga helps to improve posture by strengthening the muscles in the back and shoulders. It helps you to be more productive with your time and focus & become more mindful.
