## Pioneering Visionary

*Believe that you can and you are halfway there.*

**DR. R.P. MALIK**

Dr. Ram Prakash Malik believed that a teacher or a guru is someone who draws forth the potentials of a child, waiting to be recognised and polished. He was the one who taught children to “Think”, who trained the children to learn and to emphasize on ethics and moral reasoning, as well as focus on perseverance and creativity. He wanted his students to dream and transform their dreams into thoughts that can produce wondrous results. He will always be remembered for his golden words, affectionate nature and for a noble cause.

## From Dreamer to Doer Dr. Ram Prakash Malik

I, **Kanika Jindal**, currently serving as a **Software Engineer at Microsoft Corporation, Redmond, USA**, attribute my success and profound sense of fulfilment to the education and values instilled in me by my school and its visionary leaders. My school years marked the most transformative phase of my life, where I not only acquired academic knowledge but also invaluable life skills. This journey was made possible by the unwavering support and motivation provided by my dedicated teachers and inspirational leaders, most notably **Malik Sir**.

Dr. R.P. Malik's influence on my life has been monumental. His guidance helped me lay a strong foundation and ignited a passion for striving for excellence in every aspect of life. This passion paved the way for my pursuit of dreams and my eventual career path as a software engineer. During my 14-year journey at Lovely Public School, spanning primary to secondary education, I imbibed a critical lesson: never settle for anything less than the best.

The memories of my time at LPS hold a special place in my heart, as do the invaluable lessons, I gathered along the way. I am profoundly grateful and exceptionally proud to have been a part of LPS, a school that I wholeheartedly consider "My School". To Malik Sir and all the teachers, I extend my heartfelt gratitude for your guidance & unceasing inspiration that have sculpted my path to success.

Malik Sir was a man of unassuming demeanour who radiated immense charisma. His modesty was his hallmark, and his passion for education has shone brightly as a tool for driving social transformation. As someone who has been fortunate to have encountered his presence, I, **Yukti Sudan**, was deeply inspired by his unwavering commitment to simplicity & his genuine humility.

His journey in education was a tapestry woven with rich and diverse experiences across all aspects of school education. Notably, his role as an educator was much more than a profession; it was a mission to empower and enlighten young minds. As a **Regulatory Compliance Specialist in Cloud Security at Oracle**, currently based in **Canada**, I draw on the values he embodied. His example has further ignited my dedication to my role, instilling in me a sense of purpose to ensure that compliance and security align seamlessly in the technological landscape.

Malik Sir's teaching philosophy extended beyond the classroom, for he nurtured his students as if they were his own children. His guidance was not merely academic; he possessed an innate ability to offer solutions to every challenge, making him a pillar of support for those around him. His legacy lives on in the hearts of all those who had the privilege of knowing him, and he remains an everlasting source of pride. The echoes of his wisdom continue to guide me in my professional journey, reminding me to embrace simplicity, humility, and a passion for making a positive impact.

### In Remembrance of Dear Dr. RP Malik Sir -

I'm Ritika Jain, LPS Alumni 2007 Batch. At present, I reside in the Bay Area of California with my husband and kids. I'm working as a Talent Leader at Adobe North America. I'm responsible for managing Talent and strategic hiring for some impactful Adobe teams. It's said that your formative years and early education create a strong foundation for your future. I'm privileged to be a part of Lovely Public Senior Secondary School under your guidance. I remember you as someone with a booming voice, a strong presence, and a heart that embraced all students. You were such an impactful leader and always motivated me to strive for success. Your focus on creating a positive environment at school and creating a holistic development curriculum has helped me achieve my goals. I still try to follow your input on ways to live. Your values focussed on the importance of loving, caring, and sharing have shaped me a lot into the person I am today.

Thank you for setting such a great example for everyone. I really appreciate your tireless efforts to improve the school and the lives of LPS students. I want to thank you for being such a great inspiration in my life.

**Ritika Jain, Talent Leader, Adobe North America**

### Malik sir's legacy as an inspiring educator will live on through the countless lives he has touched...

Within the walls of Lovely Public School, we were constantly inspired to channel our presence into purposeful endeavours for our lives and society. At the heart of it all, the esteemed Founder of LPS, Dr. R.P. Malik Sir, was a visionary leader who believed in cultivating leaders rather than followers, leaving behind an indelible mark on countless lives. His life's journey serves as a beacon of inspiration, igniting the flame of knowledge and wisdom in all who had the privilege to be under his guidance.

Sir's connection with his students transcended the traditional role of a teacher. He remains a preeminent Guru, his teachings and values serving as a lifelong guide. His consistent encouragement urged students like myself, **Keshav Nagi**, to tap into our inherent potential, empowering us to excel and radiate our brilliance. LPS, true to its principles, continues to impart value-based education and nurturing ethical lives. This very ethos motivated me to delve into book **authorship and publications**. Today, as a **practicing Advocate** in Delhi High Court, I have created my own space due to the strong foundation provided by my Alma Mater.

I am **Ayush Arora** from the batch of 2015-16, and I stand here today with immense pride as a product of a school that is as profound and vast as the sea itself. This sea, known as LPS, is a reservoir of hidden qualities that shape individuals into remarkable beings. Stepping into this sea, marked a turning point in my life, as I emerged from its depths equipped with knowledge and resilience to conquer life's challenges.

My gratitude knows no bounds for the person who tirelessly enriched this sea with his dedication and unwavering efforts, ensuring that every soul who ventured across its expanse would find success. That person is none other than the revered Dr. R.P. Malik, Sir. Under the guidance of both Dr. R.P. Malik, Sir, and Dr. (Mrs.) S.D. Malik, Ma'am, I was fortunate to tread a path that led to the realization of my career aspirations.

My journey thus far, defined by growth and accomplishment, is a testament to the impact of LPS. The knowledge I possess and the person I've become are a tribute to my parents, the invaluable education imparted by my school, and the nurturing environment it provided. After completing my Graduation in Journalism and Communication, I pursued a **postgraduate degree in Radio Programming and Management**. Today, I am thriving as a **Radio Jockey (RJ)** and a **content writer**. The recognition I've garnered in my career can be traced back to the foundations laid at LPS.

**HEART AND SOUL OF THE SOCIETY**  
*Capturing the Heartwarming Moments of cordial bonds*

## IMPECCABLE MADAME

"Education is a way of life".

We at LPS believe that our students approach the school as the facilitator and incubator to a life-long process of learning. The power of education extends beyond the development of skills we need for economic success. It contributes to nation building and reconciliation. We hold a firm faith that our own reconstruction, development and successful interaction in the global fraternity depend largely on the progress we make, in educating our children. The founders of LPS family believe that Education is a Chariot which takes the nation to the journey for overall development. As an educator, I have a mission to make sure that every student of the school receives the best education. It is the one we all can agree on and one that matters immensely to me. It starts with access to high-quality learning opportunities and continues with a great school – a school ready for the future challenges. I trust our students to rise as winners in the growing competitive world and develop as ideal citizens of the country and preserving the values. As a premier educational institution, we are known for creating our own benchmarks and elevating ourselves to higher planes. This practice has made our group schools, the centers of excellence.

## MY ASSEY - MY FRIEND

Friendship is an important asset of our life. A man is known by the company he keeps, a person who has true friends in life is very fortunate. Friendship has no boundaries, no parameters and no conditions. Good friends show us the right path and make our life a better place with a lots of love and happiness. It is built on respect and trust. A true friend is the greatest of all blessings. True friend is the one who stands up for you when times are tough. A true friend can see the tears behind your smile and reason behind your silence. We are incomplete without friends.

My dear friend, your presence in my life brings immense joy, and I feel fortunate to have you as my confidant and companion.  
**Livya, 4th D**

## FRIENDS 4EVER !!

In my prayers for a special friend, I found you, and I realized that my wishes were beautifully granted. Happy Friendship Day to the most precious gem in my life!  
**Haashir -Ul-Asad, 4th A**

Friendship is an opportunity where you can explore yourself and world at the same time. Blessed to have friends !!!  
**Md. Ahmed, IV**

I have many friends but my God is the bestest of all.  
**Happy Friendship my Kanha Ji.**  
**Kanak L, IV**

Friendship day in school was a blast, celebrated with my buddies made it unforgettable.  
**Saanvi Sh., 1<sup>st</sup>**

Only my friend can understand, how I feel even when I am not saying a single word. It's called a true friendship.  
**Sanjoy, II**

With a friend you can walk, play, run and grow and create memories to cherish.

**Happy Friendship day !!**

**Khyati, IV**

It is not true to find a friend of your age only, you can have a bestest friend in the family as well.  
**MY BEST FRIEND = MY DAD.**

**Vedika, IV**

## *Akshaya Patra :* *Together We Can Do So Much*

“Everywhere You Go, Leave A Glitter Trail Of Kindness Behind You” Lovely Public School firmly believes in fostering a community of caring and commitment. To sensitize the student about the gap between 'haves' and 'have nots' and also making them believe that they can make a difference in lives of underprivileged. The school has undertaken the Akshaya Patra Project. The purpose of the project is to provide food and eatables in every bowl possible, so as to teach children the value of giving back to the community and sowing the seed of a benevolent and generous adult. The children are a part of the project "No plate should be empty- Food For All", where children distribute food to the less privileged, thus inspiring others to be empathetic.

# PARENTS' FEEDBACK FOR HOLIDAY HOMEWORK EXHIBITION

Good Evening Mam,  
Walking through the Holiday Exhibition, I was amazed at the diverse range of projects the kids had undertaken. Each exhibit was a unique reflection of the child's personality and interests. From colorful paintings and intricate crafts to impressive science experiments and innovative technological presentations, the kids demonstrated exceptional talent and passion in their work.

Thanks  
Suman Gupta  
Mother of Tejas Gu  
Class-4th E

Respected sir,  
I must appreciate the great effort put in by students and teachers to make the experience of the exhibition so overwhelming. The students have really worked hard to make interesting models and colourful posters. They have also presented the models with great confidence and also gave details of all the working model, which was very effective. We are thankful to the management for organizing this exhibition which make students learn, creative, future-oriented and good course learners for its.

As a parent today I felt really good after attending the exhibition and seeing the hardwork of young minds. Students explained the working of the models very enthusiastically. I really appreciate the hardwork and dedication of the students and teachers. Overall it was very informative and great exhibition. Thankyou

Feedback of exhibits

I appreciate the school efforts. All the children holiday homework we have used their mind in their work. Thanks for their guidance. The teachers teach through activities which makes learning interesting and easy. I am really very happy to visit the exhibition

Thankyou  
Chanchal Kurni  
(M/o - Nikun)

Mother of Siddhant Jain  
IVF

As a parent I had a chance to visit the Exhibition. The students showed leadership of teachers. It was very well managed, wonderful students who showcased their talent and beautifully explained their projects. Children are born with wings and Teachers help them to fly. Keep growing and keep motivating kids.  
Neha Jain  
Parent of Aarav Jain V E

My heartfelt congratulations and thanks to the school and teachers for conducting this exhibition. The students search for the various challenges to the various challenges. All the students did very well in explaining it was nice. Every child work hard it was projects.

The teachers were also supporting and motivating them.

Very nice and informative.... All the children have done a great job and arrangement from school side was also good....  
Thank you...  
Japmeet Singh...4D....

## SCHOOL SAFETY: EVACUATION MOCK DRILL

A mock disaster awareness and evacuation drill involving students and teachers was conducted from classes Pre Primary to XII on 9th August 2023 to create awareness

among the students about the ways to respond swiftly in times of an emergency situation. The purpose of organising the mock drill was to check the readiness of the school to face any emergency and also to make the students and staff aware about the Rescue Operation.

The students were trained to be alert, quick and responsible to follow instructions to maintain calm and to avoid panic to avert stampede and casualties.

The staff members and the student council members positioned themselves at pre decided points to guide and assist the students as soon as the alarm went off. The students quickly moved out in proper lines. They were evacuated from the school building in 5 minutes. Students reached the designated safe areas allocated for each class. A head count was done by the class teachers to ensure the presence of everyone. Special training has been imparted to the staff members to handle crisis and give first-aid relief if required.

The drills focused on activation of the full response system, incorporated decision making and life safety aspects.

## Trailblazing the Skies: ISRO's Remarkable Journey of Achievements

The Indian Space Research Organisation (ISRO) has achieved numerous milestones, including the successful Mars Orbiter Mission (Mangalyaan) in 2014, establishing its position as a low-cost space agency. Chandrayaan-1, launched in 2008, confirmed the presence of water molecules on the Moon. ISRO's record-breaking launch of 104 satellites in a single mission showcased its efficient capabilities. Additionally, the launch of the GSAT-30 communication satellite and ongoing advancements in satellite technology underline ISRO's significant contributions to space exploration.

Vishisht Singh (IX-B)

### LPS towards ISRO's YUVIKA Programme

The Indian Space Research Organisation (ISRO) is set to scout for young tech talents through the YUVIKA 2023 programme. Aimed at identifying and nurturing talented students, the programme will groom these students in key space-related disciplines to contribute to future innovations. The initiative seeks to encourage young students to pursue scientific studies and research, empowering them to develop scientific skills and knowledge while inspiring them to become innovators in space technology. In order to provide guidance and direction with a budding talent, the school promotes activities of scientific revolution. The school has taken a strong initiative to provide first-hand information to students through science trips to ISRO every year.

Bakul Arora (IX-E)

### ISRO: Elevating India to Stellar Heights

ISRO, India's space agency, has achieved remarkable milestones. Notable feats include cost-effective satellite launches for communication and navigation, pioneering Mars Orbiter Mission, Chandrayaan lunar missions, and development of GSLV and PSLV launch vehicles. These accomplishments showcase India's prowess in space technology, fostering global recognition. ISRO's achievements inspire innovation, scientific research, and international collaboration.

Arush Kaushik (IX-A)

### चंद्रा मामा अब नहीं दूर

MOX, ISTRAC, में चंद्रयान-3 हूँ। मुझे चन्द्रमा का गुरुत्वाकर्षण महसूस हो रहा है। चंद्रयान-3 ने जैसे ही चांद की कक्षा में कदम रखा, उसने धरती पर इसरो सेंटर को सबसे पहले यही संदेश भेजा। भारत के इस तीसरे चंद्रयान 3 ने 3,84,400 किलोमीटर की दूरी तय करने के बाद धरती के गुरुत्वाकर्षण के दायरे से बाहर निकल चांद के ऑर्बिट में दाखिल हुआ। चंद्रयान 3 के जरिए हम चांद के इतने नजदीक पहुंच चुके हैं कि बच्चों को चंद्रा मामा दूर के कविता सुनाना अब उचित नहीं होगा। चंद्रयान-3 के मिशन उद्देश्य हैं

1. चंद्रमा की सतह पर सुरक्षित और नरम लैंडिंग का प्रदर्शन करना।
2. रोवर को चंद्रमा पर घूमते हुए प्रदर्शित करना।
3. यथास्थान वैज्ञानिक प्रयोगों का संचालन करना।

चंद्रयान-3 चंद्रयान-2 का अनुवर्ती मिशन है, जो चंद्र सतह पर सुरक्षित लैंडिंग और घूमने की संपूर्ण क्षमता प्रदर्शित करता है। यह मिशन भारत के वैज्ञानिकों के लिए बहुत ही महत्वपूर्ण एवम् देश के लिए अत्यंत गौरव का विषय है।

Nakul Khera (X-H)

### Chandrayan 3: एक नई आस

झुक गये होंगे चांद सितारे भी तेरे नाम से,  
जब आसमां में तिरंगा फहराएगा बड़े शान से ॥

इसरो के महान वैज्ञानिकों ने चंद्रमा पर रोमांचक वापसी की। इस बार हमारे वैज्ञानिकों ने चंद्रमा के भौगोलिक क्षेत्रों पर ध्यान केंद्रित करने का निर्णय लिया। उन्होंने यह रॉकेट यह देखने के लिए लॉन्च किया था कि चंद्रमा पर जीवन संभव है या नहीं, साथ ही ऑक्सीजन और अन्य जीवित आवश्यक वस्तुओं की खोज के लिए भी। नई दुनिया की ओर इस नई सवारी को चंद्रयान-3 नाम दिया गया। प्रक्षेपण 14 जुलाई 2023 को निर्धारित है। 05 अगस्त 2023 को चंद्रयान-3 को सफलतापूर्वक चंद्रमा की कक्षा में स्थापित किया गया है।

चंद्रयान-3 मिशन के उद्देश्य -

- ✓ चंद्र सतह पर सुरक्षित और सॉफ्ट लैंडिंग प्रदर्शित करना
- ✓ रोवर को चंद्रमा पर भ्रमण का प्रदर्शन करना
- ✓ यथास्थित वैज्ञानिक प्रयोग करना

Lavanya(X-A)

# "Each Day Can Be A Transformer In Your Life, Identify And Live It To The Fullest."

Lovely Public School organized a movie trip for the children to rejuvenate themselves. The movie was – 'Transformers – The Rise of the Beasts.' The students cherished their compatibility with 'AI- The Era of Technological Advancement.' They were overwhelmed to know that Man is the supreme creation of God and with his multiple skills, can rule over the whole world. They were thankful to Principal Ma'am for providing a learning and fun-loving platform to the students and the teachers to develop their skilful progress ahead.

## Education Exploring Entertainment

So, about the movie... It was fascinating and looks so realistic, the graphics were so amazing. And my favorite character was bumble bee. The way she fought from the villains. Me and my friends enjoyed the film. From now on this is my favorite movie ever. I will also recommend this movie to everyone

Khanak Soni  
VII A

Transformers is a great movie with a pretty good storyline and a decent cast. It is a bit long but the two and a half hours fly by. I enjoyed the action in the movie. The best part for me is without a doubt the robots themselves, Optimus Prime, Bumblebee and the rest of the Autobots and Decepticons are beautifully animated and the voice work is outstanding. I learnt "Be Very Smart" & "Care for Everyone" from the movie "Transformers"

At last I would like to thank the school management who organised this trip for all the students. The experience was definitely valuable

Anshika Nijhawan  
VIII C

I got a lovely opportunity on 2.8.2023 to go outside with friends and teacher to watch a movie: Minions – The Rise of Gru. It was great, fun and learning outside classroom. As the movie was very funny and had enough comic scenes the joy became double and memorable. Going for movie with your friends adds value in your personality which is also necessary along with class education. I am grateful to my school that I could get such a wonderful opportunity to be a part of this memorable experience.

Kamranhussain Daud...

### MOVIE FEEDBACK

I am not much into movies because movies are like watching grass grow but this one was marvelous. The fiction and animation was realistic and the scenes were breathtaking, twisted and full of curiosity. And yes, the movie was TRANSFORMERS which was full of interest and from the movie the value that I learnt was the importance of teamwork and how one sacrifice themselves for saving other's life and how to fight till your last breath and never gave up. I personally, really cherished the movie, Although it was a great experience with my respected and supportive teachers and lovely friends. Thank you for giving me a chance to present my idea.

Feedback for THE TRANSFORMER: rise of the beasts  
It's was a great time that I spent with my friends in the V3S mall I really liked that place and the movie was amazing. I really appreciate the VFX of the movie. The fight between robots was the best part... Thank you...

Lps Aarav Bhadoriya VII B 23  
Movie Feedback

The movie 'Transformers' was a great sci-fi movie. In this movie the character 'Optimus Prime' taught us about the quality of leadership and other characters like 'Bumblebee', 'Mirage' etc taught us about the quality of teamwork. Overall the movie was great. Me and my all friends enjoyed this experience. I want to thank our school for this wonderful experience and I also want to thank all our teachers who went with us.

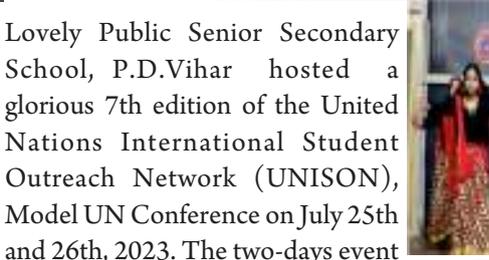

Regard  
Aarav Bhadoriya

Through the science fest I got to know and grow. Keep experimenting.

The Science fest was a great mode of experiential learning. It made us learn many things.  
 Shreyas

The Science Fest was an excellent event for us. It was truly a memorable experience.  
 MUSHAFIQ V

# Promoting Sustainable Transport - Cycling to School

In pursuit of the Sustainable Development Goals (SDGs), School has taken a proactive and environmentally conscious step by encouraging its students to ride bicycles to school. This initiative aligns with SDG 11: Sustainable Cities and Communities, and SDG 13: **Climate** Action. By promoting cycling as a mode of transport, we aim to contribute to a more sustainable future, foster a sense of responsibility among students, and address environmental concerns.

The primary objective of encouraging students to ride bicycles to school is to reduce carbon emissions and vehicular traffic, promoting a healthier lifestyle and physical activity, cultivating a sense of environmental responsibility and awareness, and creating a culture of sustainable transport within the school community.

To implement this initiative, the school has invested in designated bicycle parking areas to ensure safe storage of bicycles on campus. Awareness sessions have been conducted, highlighting the benefits of cycling for personal health and the environment. Parents have been engaged to support their children in choosing cycling as a mode of transport.

We not only create a healthier environment but also nurture responsible citizens who understand the importance of sustainable living. This initiative serves as an inspiring model for other educational institutions to follow, driving positive change within local communities and beyond.

Thank you so much Mam 🙏 for your best efforts for presenting this wonderful and osm performance. You always motivate children to perform best. Thank you once again 😊

Thanks to you too mam for your support and guidance. I hope that I stand where you desire me to be.

Hello mam Thanku so much to u to mam without ur cooperation and hardwork its not possible for our kids doing well. Today function was very nice. They all perform very well and doing hard work, all looking so cute and beautiful. Thanku mam

It was really amazing experience seeing the kids performing so well. It mesmerized us to the core of our heart. Very grateful to you and LPS team who made it possible. Keep giving us such awesome moments 🙌

Lovely public school is revolutionizing the education industry with state of the art teaching strategies, innovative & creative teacher-student communication strategy, hyper-focused student orientation, beautiful and well equipped infrastructure and latest tools and technology.

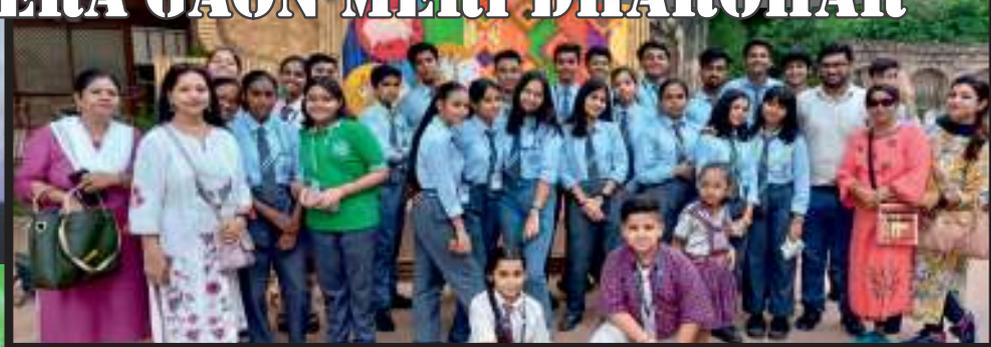

Thank you mam for expersing so much love and labour in our kids to make them learn and act properly for the event today. You have really made them shine today. Thank you for your efforts and hardwork behind it.

Special Assembly

The special assembly of Class 2-6 was a great success. The children participated with full enthusiasm and zeal. The performances were mesmerizing, and it was a great learning experience for everyone. The children showed their creativity and left everyone in awe.

# MEERA GAON MERI DHAROHAR

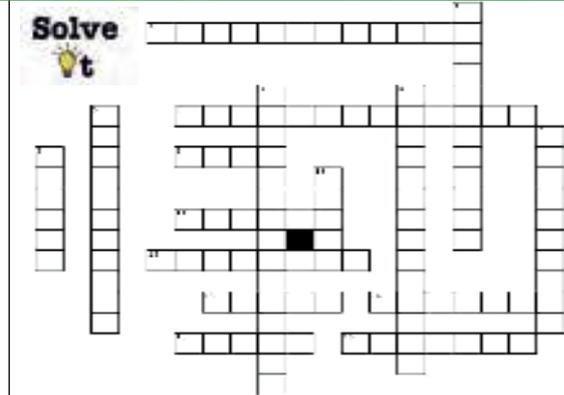

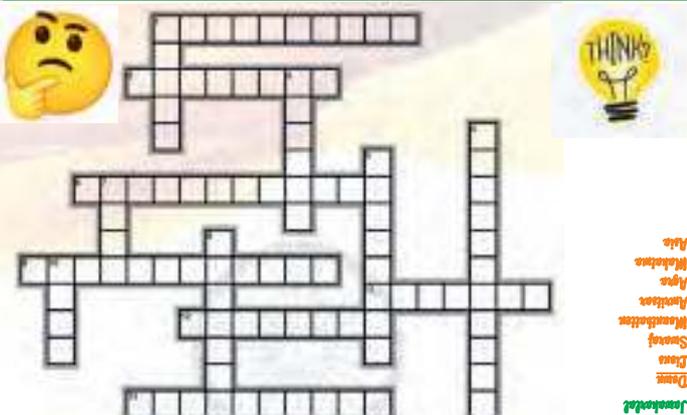

## "The Soul Of India Lives in its Villages"

It was indeed a euphoric moment for the teachers and students of Lovely Public School to be part of the launch event of "Mera Gaon, Meri Dharohar" an initiative by the Ministry of Culture, Government of India at Qutub Minar, Delhi on 27th of July, 2023. The virtual museum celebrated the rich cultural vibrancy of the villages of India. The event was graced by **Shri Amit Shah, Union Home Minister**. The prime objective of the event was to culturally map India's 6.5 lakhs villages on a comprehensive platform. Students from all over Delhi witnessed and viewed the scenic beauty and grandeur of the Indian villages. **Renowned Indian singer Javed Ali's** musical rendition serenaded the whole ambiance. The light and sound show mesmerized everyone present there. The visit left an indelible impression on the mind of young learners. It was indeed a unique platform which provides insights into the cultural significance of India. It was primarily done to encourage appreciation for India's culture & tradition paving way for economic growth & Social Harmony.

# FESTIVALS OF LIBRARY

LPS believes that the library is part of sanctuary, part laboratory, part university and part launch pad. It is a multiverse - truth inside of truth, story inside of story, idea inside of idea. The School Library store the energy that fuels the imagination. They open up windows to the world and inspire the young minds to explore and achieve, and contribute to improving the quality of life. It is a place that transcends class, age, and gender. Library builds a strong reading culture in school. The aim of our school library is to - \*Involve, Innovate and Ignite - school has undertaken various initiatives like : \* Visit to Pragati Maidan for a National Book Fair . \* Organising Story Telling Session competition at school level . \* Mobile Library for 4days in the school premises. \* Celebrating National Book Trust Day by donating old story books. \* An array of Art blended Library activities like making book mark and book cover page. Spin a story, sketching story and writing book review.

## CREDIT THE SKILLS OF ENGLISH

**“Language is not a genetic gift, it is a social gift”.**

Various speaking activities to enhance language for students of all ages:

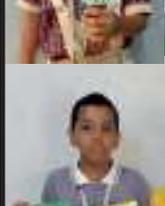

- 1) Think - Pair - Share Technique : Reading
- 2) Personal questions - Eg: “Where would you go...”
- 3) A Picture says a thousand words - Eg: The man is climbing the stairs...
- 4) Role play : Interview with your role model.
- 5) Missing Dialogues Eg- Aanya: How are You?  
Krish : I am .....

The impacts brought by the English language on our lives are boundless. Let’s realize the true potential of language and remember the words of **Roger Bacon** – “Knowledge of languages is the doorway to wisdom.”

## “New beginnings embarks the path of new hope by unlocking new potential with in an individual”

With this aim the management has widened the new horizon through the upcoming new branch of our prestigious school - **Lovely Heritage School, Mayur Vihar**. A School that has the best amenities and world class facilities with the infrastructure to enhance the learning journey of our students. Each classroom is equipped with the interactive smart boards specially designed to provide conducive environment for learning. The campus is also well equipped with science and computer laboratories to engage students in hands on exploration. It also offers Sports complex with the wide range of indoor and outdoor sports including basketball, football, cricket, badminton and many more along with the trained coaches and guides to mentor the students. To enhance the creative talents among the students the campus has an art centre, an art studio, music room. In the era of healthy lifestyle the campus Boast with the modern wellness facilities including well equipped gym, a swimming pool, yoga and meditation rooms. The school also provides the ample opportunities for students to enhance their knowledge by exploring an extensive collection of books, ebooks and digital sources in a well stocked library. Ensure the safety and security of the students the campus equipped with 24/7 surveillance system with the trained security personnel to create a safe and nurturing environment for students. As Education is a transformative force that allows the doors of opportunity, Excellence and Innovation to become lifelong learners through this unparalleled visions. The field of education not only AIMS to provide academic excellence but also promote the holistic development of the child. In order to achieve such goals the school is committed by designing a curriculum to meet the global standards offering a blend of academic and curricular activities to foster holistic development of a child. It sets a benchmark for providing the best facilities to thrive and Excel and to be a beacon of excellence for the successful bright future.

## Empowering Progress, Inspiring Change

*Dr. Manoj Kumar*

“The goal of education is not to increase the amount of knowledge but to create the possibilities for a child to invent and discover.”

We believe that a child’s world is a beautiful yet mysterious tapestry made up of a multitude of hopes and aspirations dyed in incandescent colors of thought and deed and their world is very much influenced by the school environment as they spend most of their childhood in school. The implicit promise of LPS has always been a trans-formative education, rooted in the highest standards of academic excellence, nurtured by the core human values, and enriched by the opportunity to learn in the best settings. We believe that every one of our students has the potential to become a leader of tomorrow. We work towards opening their minds and help them to identify their interest and aspirations.

Moving further, I congratulate everyone on this 76th Independence Day. As patriotic citizens, let’s put extra effort into performing our civic responsibilities. Our diversity should not be seen as a weakness but as our greatest strength. It is only by working together that we can build a resilient and thriving nation.

**May you all continue to scale greater and insurmountable heights of excellence.**

## Embrace Your Liberation

**“Freedom in mind, Faith in our words, Pride in our heart, Memories in our souls. Let’s salute the nation on 76th Independence Day.”**

An aura of purity, selfless love and devotion for the country can be felt by just hearing these lines. To instill the feeling of love and respect for the country in our young Lovelites & help them know the importance of patriotism, sacrifices of our leaders, freedom fighters and soldiers, we at LPS celebrated India’s 76th Independence Day with pomp and gaiety. LPS celebrated this momentous occasion with all its pride and dignity. The unfurling of the flag was followed by a melodious singing of the National Anthem. On this proud occasion the students promised themselves to grow up as responsible and conscientious citizens of India. Fledglings’ students paid tribute to the soldiers of Indian Army by a heart wrenching performance.

The students enthusiastically participated in the wide spectrum of events and their performances were applauded. One could witness students brimming with patriotic fervour and pride in their motherland as they presented powerful performances along with few cultural programs. The celebrations ended on a positive note with renewed feelings of patriotism and nationalism in everyone heart’s.
